

# Evaluation Report Project Study Work

Last Name, First Name:	...
------------------------	-----

Study Program:	...
Title of Paper:	...

Evaluator:	...
------------	-----

<b>Scientific Content</b> For the justification of the points awarded, see the following assessed criteria and (if applicable) the additional comments of the evaluator	<b>Max. Points</b>	<b>Points Evaluator</b>
	<b>45</b> (75%)	...

Criteria	Points	0	1	2	3	4	5	6	7	8	9	10
Explanation of the problem's background												
Formulation of the research question(s)												
Discussion of possible scientific theories												
Discussion of possible research methods												
Quality of sources												
Quantity of sources												

<b>Additional comments (if applicable):</b>
---

<b>Scientific Form</b> For the justification of the points awarded, see the following assessed criteria and (if applicable) the additional comments of the evaluator	<b>Max. Points</b>	<b>Points Evaluator</b>
	<b>15</b> (25%)	...

Criteria	Evaluation*			
	very good	mostly good	with weak-nesses	with major weak-nesses or non-exist-ent**
<b>Form</b>				
The required number of pages is achieved				
Use of the template (cover pages, declarations, table of contents)				
Chapter numbering				
Wording of chapter headings				
Used space for figures and tables				
Avoidance of large blank spaces				
<b>Figures and Tables</b>				
Numbering of figures and tables				
Use of figure and table captions				
Announcement to figures and tables in the previous text				
<b>Language, Spelling and Punctuation</b>				
Grammar				
Spelling				
Punctuation				
Structure of sentences				
Comprehensibility of language				
Academic language				
<b>Citation</b>				
Citing sources for quotations, figures, and tables				
The formal structure of citations				
<b>Directories</b>				
Lists of figures, tables and abbreviations (if applicable)				
References				
List of AI tools used (if applicable)				

<b>Additional comments (if applicable):</b>
---

**Conclusion of the evaluator:**

<b>Total Points</b>	<b>Max. Points</b>	<b>Points Evaluator</b>
	<b>60</b> (100%)	
<b>Grade</b>		

Date: ...

Evaluator: ...

Points*	60	59	58	57	56	55	54	53	52	51	50	49	48	47	46	45	44	43
Grade	1,0	1,1	1,2	1,3	1,4	1,5	1,6	1,7	1,8	1,9	2,0	2,1	2,2	2,3	2,4	2,5	2,6	2,7

42	41	40	39	38	37	36	35	34	33	32	31	30	29 Points or less					
2,8	2,9	3,0	3,1	3,2	3,3	3,4	3,5	3,6	3,7	3,8	3,9	4,0	not passed					

\* The evaluation of the criteria (with the exception of the fields marked in grey) does not lead to a mathematically determined awarding of points. Rather, it is up to the evaluators to award their points on the basis of the overall impression. The differentiation of the criteria and their evaluation should also help students to identify opportunities for improvement.

\*\* Formal evaluations marked in grey lead to the paper not being passed regardless of the evaluation of the scientific content.
